TRODAT SWOP-PADS_ REPLACEMENT PADS

Trotat replacement pads for Professional, Printy and Mobile Printy are truly high-tech products. Both the pad material and the colour have continued to be perfected through years of research. That is why a Trotat impression functions just as well at a polar ice cap or in a tropical rain forest. Even, homogenous colour application on every imprint.

no re-inking

clean hands

clean impression

- > clean impression, document quality
- > precise inking prevents colours running
- > no drying out
- > all colours are completely non-toxic
- > clean pad changing in no time at all
